Dear BLAINE:

Re: Annual Distribution Report - Ogden  
and Weber River Systems

The Division of Water Rights has begun compilation and review of the water usage data which you provided for the 1993 Annual Water Report for the Ogden and Weber River Distribution Systems. We appreciate your hard work in obtaining this data and are particularly impressed with your efforts and input.

The 1993 annual report you prepared is outstanding, clear, and well organized. We praise your good work and efforts in preparing this report.

If we can be of any help to you, please feel free to contact either Lee Sim at (801) 538-7380 or myself at (801) 538-7384. Once again, we would like to thank you for the time and efforts you have spent in improving our water distribution systems. Your hard work and the excellent job you are doing is appreciated.

Sincerely,

  
Gertrudys Adkins, Ph.D  
Distribution Engineer
